UPCOMING
BOARD OF
EDUCATION
MEETING:
Monday,
March 30, 2020
7:00PM
Location TBD

SUPERINTENDENT HIGHLIGHTS

Good evening.

Thank you for all of your patience this week. I know it has been a long and challenging week for everyone. I hope this weekend offers a bit of a break and some rest. A few things to pass along tonight:

- Please be advised that the Board of Education meeting originally planned for March 23rd has been moved to March 30th, at this point I expect that to be another virtual meeting.
- Students enrolled in AP courses should follow the College Board website; click [here](#).
- A question was raised with respect to our student athletes assigned to Ridge teams and Option II PE credit. Athletic Director, Mr. Shello shared with me the following:

During this most difficult time, our student-athletes may have many concerns for the status of the anticipated spring athletic season. As long as school is not in session within the building, the athletic season will remain on hold. The athletic season will only be reinstated if the school buildings are opened and school is resumed in the normal manner. Those Ridge student-athletes that are enrolled in the Option 2 program will continue to earn Physical Education credit by completing training and workouts submitted to them by their sport specific coach. The workouts are designed to help the student-athletes to maintain their fitness and skill levels as well as to prepare them as best can be done for competition. Additionally, the physical activity provides great benefit for the mental, emotional, and physical well-being of the students. Should students have any questions about the prescribed workouts, they should reach out to their coach via email. Any further questions may be directed to Athletic Director, Rich Shello at rshello@bernardsboe.com.

I'm sure everyone, like me, is scouring the news for what New Jersey intends to do with the rest of the school year. Watching what is going on all around our country has us all wondering. I wish I had factual information for you, but at this time I do not; I am hopeful to learn something material next week.

Thank you and have a nice weekend. Nick.
